- The period ending on the date when the product has exceeded its TBW (Total

Byte Written) Threshold as may be indicated by Silicon-Power's toolbox software. (For Specific information on this threshold, please refer to the datasheet for your particular product.)

Industrial DRAM modules:

- Silicon-Power offers limited lifetime warranty to its DRAM module products, and will, at its option, either: (1) repair the Product, or (2) replace the Product with new or refurbished Product of equal or greater capacity and functionality. Silicon-Power may replace Your Product with one that was previously used, repaired and tested to meet Silicon-Power specifications.

Lifetime is defined as the lifetime of the Product on the common market as long as a product that has similar function and technology to the Product is available on the common market as a new product. This limited lifetime warranty applies only to the original purchaser of the product as long as the original purchaser owns the product.

4. Warranty Claim Procedures

- Return to an authorized Silicon Power dealer or distributor from which you purchased the Silicon Power product. Please confirm the warranty policy terms with your dealer's or distributors return policies prior to returning the product.
- Returning directly to the Silicon Power service centre: Obtain a Return Merchandise Authorization (RMA) number through Silicon Power's website, and follow the product return procedures.

5. Repair Charges within Warranty Period

Should the product fail under normal use in the recommended environment due to improper workmanship or materials, Silicon Power will repair the Product or replace it with a comparable one without any charge for parts and labor. Please note that the limited warranty does not cover any defect products be caused by any of the mentioned factors listed above (ex. misuse, neglect, abuse, beyond warranty period outside warranty etc.)

6. Remarks

- Silicon Power is not responsible for damage to or loss of any programs, data or removable storage media. It is highly recommended to save (back up) any programs, data or removable storage media.
- Silicon Power's RMA return policy is based on stock availability; hence the repaired product that you receive might not be the one you have originally sent.
- Due to the ongoing technology, in case of the discontinuity of any product,
- Silicon Power will be unable to repair the product, and therefore replace the product with a comparable one.

For our warranty policy, please refer to Silicon Power official website.
