

## Combined with high technology and sleek design

SP Jewel J10 will catch your eye with its stainless steel design and remarkable appearance, making itself a perfect combination of style and practicability. This Northern Europe inspired design is not just another ordinary memory storage device but also a luxurious accessory which allows you to express yourself.

## So Tiny, So Charming

With the weight of 3.1g, J10 will amaze you with its mobility and convenience. Accompanied with advanced application of USB3.0 COB (Chip on Board), Jewel J10 is able to not only protect the golden finger from scratches but also prevent itself from damages caused by water, dust and vibration.

# SPARKLE YOUR LIFE

## USB 3.2 Gen 1 Flash Drive
