

Make The Most Of Now

More Power In Your Hands

With 3 USB ports and 10,000mAh/20,000mAh capacity, respectively, you'll have the freedom to go wherever you want with the Cell C10QC or Share C20QC. Stop relying on wall adaptors and get to where you need to go while charging on the way. With this much power and this many outputs, you'll have enough charge to refuel all of the devices that matter to you.

Charge Faster, Live More

Quick Charge 3.0 and USB Power Delivery provide efficient charging at speeds that are vastly superior to standard USB connections. Charge your compatible devices up to 80% in 35 minutes with two Type-A USB ports. Plus, one Type-C USB port with up to 18W power allows you to charge devices twice as fast as conventional 5W charging. So you can spend less time charging and more time living.
