## Instantly expand the capacity for your Mac

Maximizing the shockproof and waterproof specifications of Armor Series, the Armor A65M is specifically designed for Mac users with all-inclusive safety shields fighting against various threats that may occur during daily operations. Furthermore, the Armor A65M enables easy plug-and-play use for it is already formatted in HFS+ and supports Time Machine®.

## IP67 Waterproof & Dustproof

The Armor A65M, with its innovative cup-shaped design, is waterproof and dustproof. It is also the industry's first IP67-rated portable hard drive which can completely prevent dust penetration and survive water immersion at depths of up to 1 meter for up to 30 minutes.

### Features

- Easy plug-and-play use for Mac, already being formatted in HFS+ and supporting Time Machine®
- Compliant with the U.S. military drop-test standards MIL-STD 810G Method 516.6 Procedure IV (transit drop test), a freefall test (122cm) on 26 contact points
- Industry's-first to meet IP67 dustproof/waterproof standards
- Advanced internal hard drive suspension system
- Delicate cable-carry design
- SuperSpeed USB 3.0 interface
- Intelligent LED indicator
- SP Widget for Mac free software download, providing back-up and security functions

## Military - grade shockproof protection

Compliant with the MIL-STD-810G 516.6 Procedure IV (transit drop test), the Armor A65M is armed with a strong three-layer exterior protection, sturdy rubber casing and an internal suspension system to enable complete protection against crushes or accidental drops. Moreover, the unibody structure reduces fracture points to effectively prevent the drive from breaking apart and further assure higher durability and reliability.

## Cable-carry design & LED indicator

The Armor A65M applies the cable-carry design, by which the cable can be fixed on the back of the drive. The intelligent design can greatly reduce the size of the drive and make it easier for users to carry around. The Armor A65M is also equipped with a built-in LED indicator to let you know the operating status.

### Specifications

- Dimensions : 143.4 x 86.7 x 20.7 mm
- Weight : 242~277g (by capacity)
- Capacity : 500GB、1TB、2TB
- Material : Rubber/ Plastic
- Color : Grey
- Interface : USB 3.0 / USB 2.0 compatible
- Data transfer rates : Max. 5 Gbps (USB 3.0 Mode); Max. 480 Mbps (USB 2.0 Mode)
- Power supply : DC5V (Power supplied through USB)
- Supported operating systems : Mac OS 10.5 or later
- Operating temperature : 5°C ~ 55°C
- Storage temperature : -40°C ~ 70°C
- Warranty : 3 years
