## One Device, Dual Access, Multiple Enjoyments

Built in with dual connectors, SP/ Silicon Power Mobile X10 creates an infinite possibility for storage capacity. A USB port at one end can be applied to USB supported PC or laptops functioned as a USB flash drive; while on the other side, a micro-USB interface can be connected to your Smart Handheld devices for seamless and timely data transmission.

## Plug It in and Play It

Featuring with the robust zinc alloy case and the compact size, Mobile X10 is able to create a noble and delicate metallic shine while plugged in your portable device or PC, without interfering your daily usage and operation. With no additional power supply or cable required, just simply plug in Mobile X10 to your OTG (On-The-Go) supported Smartphone or tablet for a full access to your digital data.

## Strap Hole Design

Featuring with a tiny and featherweight design, Mobile X10 is built-in with a strap hole at the end, allowing users to store and carry as a trendy accessory for their mobile devices. Incorporated with the COB (Chip On Board) packaging technology, Mobile X10 can be water, dust, shock and vibration proof.

### Features

- Support Smart Handheld Devices (micro-USB) and PC (USB) data transmission
- Plug and play; no cables required
- Support for mobile devices and PC use
- Fully Compliant with the Hi-Speed USB 2.0 specification

※ It is recommended to use the Android file manager app such as "ES File Browser" to manage your data in your mobile devices.
